

Dear Fellow Members:

Good evening everyone. I hope members who received the first dose of the Pfizer vaccine are not exhibiting any symptoms. We had another successful town hall this afternoon. You can find details below. Please take the time to fill out the survey regarding prep time.

Survey for PreK-8

The WREA is looking for specific feedback concerning prep time during HYBRID learning. It has come to our attention that there are discrepancies in scheduling of prep time among district schools. Please complete the questions in the link below to assist us as we gather data about these differences.

The hour of teacher directed time on Monday, Tuesday, Thursday, Friday and on Wednesday afternoon does NOT count as prep time.
