

Updates . . .

Dear Fellow Members:

As teachers we know our vacation does not end at the bell on the day we return, and adequate prior planning can make or break our first days back in the classroom. With that being said, I hope you all took time for yourself this April break to rejuvenate and continue to practice self-care as we wrap up the school year.

Our WREA Communications and Action Subcommittee met over break. We thought it was prudent to do a little WREA housekeeping ourselves, to keep you, our members, well informed. Please complete the form below to update our membership roster with accurate information. It is very short and your time to help us maintain accurate records is much appreciated.

Finally, just a quick reminder that sign-ups for the May 10th Professional Development workshops will open at 4:30 p.m. on Tuesday, April 27th. Please refer to Assistant Superintendent Berlo's email for registration directions.

In unity,

Mary Shepherd

President WREA
